Enoch & Patience

Asher, Nathaniel, Nahaliel

Serving in Uganda

Enoch & Patience, along with their children, serve local churches in Uganda by providing theological training and equipping for indigenous pastors, while also discipling others to live for Christ. In addition, they oversee an orphan and widow ministry to help educate, care for, and equip those in need.

Prayer Requests

- Pray that the Lord would use each pastor and Bible student who has participated in our conferences to be fruitful in sharing God's Word back in their own churches and communities.
- Pray that our orphans and widows would experience the love of Christ as we care for them and equip them for life.
- Pray for healing for my wife, Patience, as she continues to seek treatment for her cancer.
- Pray that our boys would grow in the knowledge of our Lord.

Recent Updates

In February, 27 pastors and church leaders graduated from our 3-year Bible School. This program has equipped these men and women to teach, evangelize, and disciple others in their communities. We thank the Lord for their perseverance and willingness to serve.

We also recently held our Child Evangelism Camp for the children in the community. There is no sweeter sound than children worshipping together.

Please pray for our upcoming Ignite Youth Conference in June being hosted by our church. We will also start another Bible School this May and we pray that the Lord would continue to raise up people to preach and teach God's Word throughout Uganda. Please also pray for the 59 children in the orphanage, that God would enable us to minister to both their spiritual and physical needs.

We are so grateful for the many open doors in our communities to share the Gospel of Jesus Christ. Thank you for being an encouragement to us as we strive to exalt Christ in all we do.
