

Your Questions Answered *Update*

Summer 2024

1. I'm new to Trinity and I wasn't here for the start of the "Building Up, Living It Out" Vision campaign. What is "Building Up, Living It Out"?

"Building Up, Living It Out" is our vision for a new and larger Worship Center which will provide much-needed space for the significant growth we are seeing in our Sunday morning worship attendance as well as in our growing midweek ministries. Vision brochures with information and pictures for the proposed new Worship Center are available on the Lobby tables and also at the Welcome Center. You can also visit trinitycc.com/buildingup to find the digital brochure, videos, and other helpful information.

2. How much has been given and committed so far to "Building Up, Living It Out"?

As of July 1, the total amount given and available for our "Building Up, Living It Out" Vision (including cash and 3-year pledges) is nearly \$12 million. More than \$9.2 million of that total has already been received in cash. Until construction begins, gifts are being deposited into an interest-bearing Worship Center building account.

3. Is this enough to begin to build?

Yes. Based on conversations with several financial institutions, we have enough cash and borrowing capability to begin construction on our new Worship Center. As additional cash is received from pledges being fulfilled early, as well as new gifts from those who have yet to make a pledge or give a gift, the financial outlook is encouraging.

4. When do we hope to begin construction and how long will it take to complete the project?

We recently completed the process for construction of the Worship Center pad, including importing of dirt, grading, and building a storm drain and related infrastructure. We are continuing to prepare the final construction plans which will include potential adjustments for project cost reduction. We anticipate another 3-4 months for this part of the process, with an additional 3-4 months for County approval. Our hope is to begin construction for the new Worship Center as early as February 2025, with completion of the entire project 12-14 months after that. Please join us in praying that this process will move forward smoothly and quickly.

(continued on reverse side)

5. Are steps being taken to reduce the overall cost of the project?

Yes. Our Building Committee continues to work with our architect and pre-construction manager, Quiring General, to identify ways to lower the project's overall cost, including making cost-reducing design and material-efficiency changes.

6. Will we need financing for the project?

As of now, yes. Because the full amount for completion of the project has not yet been received or pledged, a loan will likely be needed to fund completion. Our Building Finance Committee is continuing the process of assessing our best loan options and will provide a report and recommendation to the Elders for their approval.

7. Is there any benefit to the financing process if I give an additional gift or fulfill my pledge early?

Yes. Any pledges fulfilled early or additional gifts given in the coming months will decrease the amount needed to finance the project.

8. If I haven't yet made a gift or pledge to "Building Up, Living It Out", can I still do that?

Yes. Many of our Trinity households have already made initial gifts and 3-year financial pledges to "Building Up, Living It Out". Others are choosing to regularly give without making a pledge. It is our hope and prayer that each individual, couple, and family who calls Trinity home will prayerfully consider giving or making a pledge toward fulfillment of the vision for a new Worship Center. For many, this commitment has been above-and-beyond their regular giving. For more information, Vision brochures and commitment cards are available on the Lobby tables and at the Welcome Center, or at trinitycc.com/buildingup.

9. If I've already given a gift or made a pledge to "Building Up, Living It Out", is there a way for me to increase my commitment?

Yes. If you feel led to make an additional gift or pledge, you can contact Nathan Belknap (Business Administrator) or simply write a check designated "Building Up, Living It Out" and indicate that it is an "additional gift".

10. The Vision brochure indicates we can donate a gift of assets, including real estate, retirement plan contributions, stocks, bonds, etc. Can the church provide guidance to me regarding this?

Yes. There may be significant tax advantages to donating appreciated assets directly to Trinity as opposed to selling those assets and contributing the cash proceeds to the church. For more information, please contact Nathan Belknap (Business Administrator). We suggest also contacting your tax accountant for professional tax/legal advice. Trinity cannot provide tax or legal advice.

11. In addition to my giving, what else can I do to help bring about the fulfillment of our "Building Up, Living It Out" Vision?

You can continue to join our church's leadership in faithfully praying for God's provision and blessing on the project, for the honor and glory of Jesus Christ!
