

Aubrey Sequeira and the Evangelical Community Church of Abu Dhabi

Serving in United Arab Emirates

Aubrey and the Evangelical Community Church (ECC) of Abu Dhabi serves the Church worldwide through their Global Pastoral Apprenticeship. This program equips aspiring pastors from Third World countries and the 10/40 Window so that they can further the Gospel globally through the planting and strengthening of local churches.

Prayer Requests

- Pray for the Lord to bring godly men to the Apprenticeship who would then go on to pastoral ministry.
- Pray that the Lord would give us continued wisdom and faithfulness as we equip these young men for the building up of His Church.
- Pray that each pastoral apprentice would go back to their home country to plant and shepherd biblically faithful, Gospel-preaching churches.

Recent Update

In August, five future pastors joined Evangelical Community Church's (ECC) Global Pastoral Apprenticeship. These men are from South Africa, Nepal, Syria, and Ethiopia. Along with their Bible studies, they are reading through theologically rich books and serving at ECC. These men are also receiving invaluable support and encouragement as they are mentored by the local church's elders and pastoral staff.

Aubrey recently returned from Addis Ababa, Ethiopia, where a former student, Nigussie, planted Christ Covenant Baptist Church. Nigussie planted the church last year and there are now twenty-nine members, seventy-five attendees on Sunday mornings, and celebrated six baptisms! Nigussie is very thankful for the faithful equipping of ECC and the many years spent preparing him to pastor a local church.

By God's grace, ECC continues to be a launchpad for the planting and strengthening of healthy Gospel-preaching churches in Gospel-parched regions of the Global South and 10/40 Window.
