

AW & JP

Serving in North Africa

AW & JP and their four children serve the Church in North Africa through evangelism, discipleship, pastoral equipping, and teaching. Their focus is on helping build an Arabic-English speaking church that ministers to the unreached Muslim community. They have also built up a local business as a vehicle to engage the lost and employ local believers.

Prayer Requests

- Pray for our endurance, faithfulness, and love for Christ and one another to continue to exceed our natural capacities.
- Pray for the conversion of the lost, and for maturity and the obedience of faith for the saved in our city and region.
- Pray for our five pastoral interns serving in the church as they are being trained and equipped to plant new churches in our region.

Please protect our missionaries by not posting any pictures or information on the internet.

Recent Updates

This past year, the Lord has transformed us into an established local church! The preaching, teaching, and counseling of the Word in multiple weekly meetings has brought maturity and is bearing fruit among the flock that the Lord has placed in our care (Acts 20:28). Our celebration of the Lord's Supper and Baptisms is preceded by testimonies and praises which make vivid the often unseen realities of the Gospel.

We have been so encouraged these days to see the Lord at work in and through our local church to bring the Gospel to friends, family, coworkers, and neighbors. With Muslims in our context, it is important for us and our church members to build trust with them. When Muslims know that we care for them, then they are more receptive to listen.

In the last few years, we have translated into the local language 14 pastoral/discipleship books and over 100 pastoral classes. These books and classes are used in our own church, with other local partnership churches, and in our Pastoral Residency program for local aspiring pastors.

As we look on this past year, we rejoice with thanksgiving for all that the Lord provided. Please continue to pray for us as we continue on in His work for His great name!

-AW & JP and our Little Four
